## **The Wisconsin Comeback is Ongoing**

*Senator Stroebel's statement on Governor Walker's State of the State*

Madison, WI – Senator Duey Stroebel (R-Cedarburg) issued the following statement on Governor Walker's State of the State Address:

*The governor was clear: Wisconsin's Comeback is documented. Wisconsin has seen impressive gains in our economy, education, and tax relief.*

*Throughout his address, Governor Walker focused on the future generations. The reason I am in elected office is to improve Wisconsin for our next generation. I am not here to focus on the next election. I will always focus on the future.*

*The Governor highlighted the pathway to success for all. Wisconsin has seen enhanced results while containing costs in all levels of education. From K-12 through college, Wisconsinites are being prepared for the future.*

*Our tax burden has improved during Governor Walker's terms. As he mentioned there is more work to do. Together, we can ensure Wisconsinites continue to pay less in taxes while receiving greater value for hard earned taxpayer resources.*

*Lastly, I am proud Wisconsin has made great gains in providing success for our veterans. Wisconsin's veterans' unemployment is one of the lowest in the nation.*

*I look forward to working with Governor Walker and my Republican colleagues to advance Wisconsin and ensure the triumph of future generations.*
